

**Integrity, impartiality, Independence
and Confidentiality Policy.**

Global Inspection Services, dedicated to services of "Inspection, Testing, Certification and Consulting for the industrial and logistics sector", assumes its commitment to implement a policy of Integrity, Impartiality, Independence and Confidentiality for all its operations, with special rigor over the accredited services it provides.

The management of **Global Inspection Services** undertakes the commitment to have both its own staff and, where appropriate, the subcontracted for accredited activities, sign an agreement that ensures that the staff complies with the contractual obligations deriving from it in the aspects concerning Integrity, Impartiality, Independence and Confidentiality.

This agreement requires to declare expressly before beginning to develop its work, not to disseminate, transmit, disclose to third parties any information of **Global Inspection Services** and its clients, to which it has access as a consequence of the performance of its activity work, or to use such information in their own interest or their family or friends. It also requires acting with the highest standards of Integrity, Impartiality and Independence.

The management of **Global Inspection Services** also undertakes to monitor and verify that such actions are carried out, actions that are included in procedures specifically prepared for this purpose.

And for the record, the following Declaration is made:

All Global Inspection Services personnel, as well as the Subcontracted personnel for accredited activities, are must comply with the requirements of Integrity, Impartiality, Independence and Confidentiality with respect to the activities they perform, as well as to be free of any commercial, financial pressure or of another type that may influence your judgment, not being engaged with any activity that involves a conflict with your independence of judgment and integrity related to the inspection activities carried out. This staff will be required to behave ethically impeccable.

Global Inspection Services has spread these policies to your entire organization and allocates necessary resources to the training of all its employees, for their understanding and participation by them.
